UNITED STATES DEPARTMENT OF AGRICULTURE
AGRICULTURAL RESEARCH SERVICE

National Seed Storage Laboratory

Fort Collins, Colorado

STORAGE APPLICATION

Storage Location

Room _____ Rack _____ Drawer _____

From H. E. Heggestad
Address USDA, ARS, Crops Research Division, Beltsville, Maryland
Kind of Seed Tobacco Origin _____
Amount Submitted _____
Botanical name Nicotiana tabacum
Agronomic or Horticultural variety See list attached
Synonyms _____
Identification numbers _____
Crop year of seed _____
Is the seed available in commercial channels? _____
Do you plan to maintain this variety or stock? _____ How long? _____
May other research men obtain this seed from you? _____
Can arrangement be made with your administration for the increase of new
stocks in case of depleted stocks or drop in viability? _____
Person and/or agency authorized to enter such increase agreement:
Name _____ Position _____
Address _____

DOCUMENTATION

To be accepted by the National Seed Storage Laboratory, seed must meet standards set up by the several crop group committees. In the space below give the Agronomic or Horticultural characteristics of this seed which justify their preservation in the Laboratory. If reference is made to this seed in scientific journals or other publications, list as indicated any such citations.

Old Tobacco Varieties Florence, S. C. - 1960

Literature citations or test results.

Laboratory Accession No. _____

NT-343 through
391

Serial No. _____

6700 through
6748
